Commenting on the financial results, Chairman & MD Mr. Ajit Isaac said that, “We had a promising start to the new financial year. Our Revenues grew by 52% and EBITDA by 36% YoY. Our margins has been impacted by the seasonality in the newly acquired businesses and due to our strategic investments in Monster and DigiCare. However, we are confident that the margins shall improve as we navigate through the year. Our normalized PAT and EPS after adjusting for non-operating accounting entries under Ind AS improves to ₹70 cr and ₹4.8 respectively. We have also started a business transformation program at Ques encapsulating Zero Based Budgeting, Service Excellence and Digitization of key business processes to further enhance our margins”. He further added that “Ques as a company is moving from being a business services provider to being a platform that connects with a large number of customers and consumers. Given our current scale of operation, the need to develop and execute a branding initiative is essential for making Ques a preferred partner of choice for our clients and thereby leapfrogging to the next level of growth while delivering long term value for all our stakeholders.”
