● CORONAVIRUS IMPACT

SE Asia sees heaviest losses in sell-off

ABHISHEK VISHNOI,
MICHELLE JAMRISKO
& IAN SAYSON
Singapore/Manila,
February 28

THE S&P 500 Index may have witnessed its quickest correction ever, but one of the biggest stock-market victims of the coronavirus epidemic has been Southeast Asia.

The tumble this week has pushed equity benchmarks of Thailand, Indonesia and the Philippines to rank among the world's 10 worst-performing major markets this year. Panic selling has taken the MSCI Asean Index more than 17% below a high reached in July.

The region's heavy reliance on China for trade and tourism means the disruptions caused by the virus are dealing a bigger blow to its economy. All six of Southeast Asia's biggest economies count China as their top trading partner. Open capital accounts also don't help when fear grips markets.

"The markets are starting to price in an escalation in Covid-19 from a regional epidemic to

a global pandemic," said Alan Richardson, a regional fund manager at Samsung Asset Management in Hong Kong. Southeast Asia equities are getting hurt more than others "because they don't have closed capital accounts", he added.

The virus epidemic is growing at a rapid pace in countries outside of China. The number of confirmed infections has exceeded 2,300 in South Korea while more cases appeared in Italy, Iran and Kuwait. Nigeria confirmed on Thursday the first reported infection in sub-Saharan Africa, a day after Brazil had the first in Latin America.

The benchmark stock gauges of Malaysia and Thailand entered bear markets this

week, while those of Indonesia and the Philippines are down 19% from previous highs. Singapore's index has lost 17% from its May 2018 peak, and Vietnam's is still down 27% from its high two years ago.

Thailand is among those hit the hardest in Southeast Asia by the plunge in Chinese visitors, while Singapore has warned it is bracing for a 25% to 30% decline in arrivals this year. These countries are facing downside pressure for economic forecasts, leading policy makers to unveil support measures. Indonesia announced \$742 million of fiscal incentives this week for its tourism, airline and housing sectors hit by the virus. — BLOOMBERG

Axis Bank puts ₹121-cr exposure to Hindusthan National Glass on sale

SHRITAMA BOSE
Mumbai, February 28

AXIS BANK ON Friday sought buyers for its ₹121-crore exposure to Kolkata-based Hindusthan National Glass & Industries. The loan will be sold through a competitive bidding process under the Swiss challenge method, the lenders said in a public notice. Over the last few months, banks have taken to reducing bad loans on their books by offering loans to asset reconstruction companies (ARCs) as out-of-court resolutions have slowed to a trickle.

As per Hindusthan National Glass's annual report for 2018-19, State Bank of India (SBI) has filed an insolvency petition against the company before the National Company Law Tribunal's (NCLT) Kolkata bench. Thereafter, the company itself has filed a suit against the consortium of lenders with SBI as the lead bank in the Calcutta high court, seeking extension of time for repayment of outstanding loans. The matter is pending before the HC.

The other lenders whose exposures the company has defaulted on are HDFC Bank, Syndicate Bank, L&T Finance, Edelweiss ARC, DBS Bank, RABO Bank, EXIM Bank, Standard Chartered Bank, Bank of Baroda and Life Insurance Corporation (LIC) of India.

FE had reported early last month that banks had put up

bad loans worth ₹8,543 crore for sale in the three months to December. Apart from corporate non-performing assets (NPAs) such as Garden Silk Mills and BILT Graphic Paper, loans to a large number of medium-sized enterprises have also been put on sale by banks in Q3FY20. Resolving such accounts is a challenge

for banks in the absence of a well-defined framework.

The banking system has been waiting for the central bank to come up with a stress-resolution framework for assets under ₹1,500 crore. Earlier, expected to be issued in the current quarter, the framework is now expected to be made public only in FY21.

Sebi slaps ₹17-lakh fine on Motilal Oswal for not segregating clients' funds

FE BUREAU
Mumbai, February 28

THE SECURITIES AND Exchange Board of India (Sebi) on Friday imposed a penalty of ₹17 lakh on Motilal Oswal Financial Services (MOFSL) for failing to maintain segregation of client's funds and misuse of client funds, violating its circular dated November 18, 1993.

The Sebi circular of 1993 says: "It shall be compulsory for all member brokers to keep the money of the clients in a separate account and their own money in a separate account. No payment for transactions in which the member broker is taking a position as a principal will be allowed to be made from the client's account."

Sebi said that in the showcause notice (SCN) it was alleged that on 11 days out of 20 sample days (approximately 55% of the total selected sample days), the noticed (MOFSL) had "misutilised" the funds of credit balance clients lying with MOFSL and the value of misutilised credit balance clients' funds ranged from ₹5.01 crore (3% approx) to ₹102.06 crore (46% approximately) for the sample dates.

"On the basis of above mentioned, inspection alleged that there were instances where MOFSL had indulged into intermingling/misuse of clients' funds," Sebi said in its order. The period of inspection was from April 1, 2012 to March 31, 2014.

MOFSL had replied to the SCN dated on October 3, 2019, stating that in the present case, it was not clarified as to how and which part of the 1993 circular was allegedly violated by MOFSL nor the exact instance where MOFSL had withdrawn funds from clients account for purposes other than those permitted was highlighted.

"In our humble submis-

sions, there has not been even a single incidence of client's complaint against it for denial of limits of fund & securities withdrawal. Had it resorted to use one client's money for other, then at least on few days, clients with credit balance would have not been allowed to take position as the same would have been already consumed by other clients, as wrongly alleged. The fact is that there has never been any single instance where clients with credit balance have been restricted in using their balance," said MOFSL in its reply to Sebi which was part of the order.

Poonawalla Finance, Capital Float announce tie-up to lend businesses using digital tools

NON-BANK **LENTERS** POONAWALLA Finance and Capital Float on Friday announced a tie-up to lend businesses and consumers using digital tools.

The two entities are targeting to disburse over ₹500 crore under the tie-up in the next 12 months, an official statement said.
